NUMBER 11

COMMERCIAL CLUB ORGANIZED

With Eighty-Three Charter Members--An Enthusiastic Meeting.

Last Saturday afternoon a few of our enterprising townsmen decided that Columbia ought to have a Commercial Club, and be in position to push her interests and that of Adair county, as it has never been done. A paper was prepared setting forth the object of the organization, and stipulating that a membership fee of \$5 would be required. Within a few hours sixty of our best citizens had signed the agreement, and on Monday morning more than twenty more were readily attached their names. In the entire history of Columbia no move looking to the public good has ever been so readily and enthusiastically accepted on the part of those interested in the welfare of this community. On Monday night the meeting was held in the court house, and the organization was made as appears below. The object of the organization was briefly stated by C. S. Harris, after which he was selected as temporary Chairman and Gordon Montgomery and W. A. Coffey were selected as secretaries. The permanent organization is as follows:

Following gentlemen compose the board of directors: R. Myers, N. M. Tutt, J. S. Stapp, R. Jeffries, W. K. Ashill, W. P. Wright, W. D. Frazer, Sam Lewis, Young. These acquainted with the various members of the board of directors and they will not doubt that a persistent effort will be made to carry to a successful termination the purposes for which this body was organized. It was one of the most harmonious meetings of our citizens, ever witnessed on an occasion of this kind. From beginning to close good will prevailed and every effort seemed to be made to solidify and cement into one compact body of activity, all the energy, ability and determination of Columbia. Fired with a zeal to bring good out of bad, to change the disagreeable for the pleasant and to inaugurate methods that will advance the commercial interests of Columbia and Adair, as we cannot but feel that a new era of activity and advancement for this section has appeared. Within a very short time the Club will be in position to show its worth in the business affairs of this community.

The following are charter members of the organization: H. C. Baker, C. S. Harris, H. N. Miller, N. M. Tutt, Wm. F. Jeffries, J. T. Page, Gordon Montgomery, Rollin Hurt, G. P. Smythe, G. B. Smith, J. If the people of Green County want a pike to Columbia now is the time for them to put up the right kind of a proposition to the Columbia Commercial Club. Our people have a terrible thirst for navigable water and are longing to reach the steam boats on the Cumberland river by building a pike to Creelboro. Opportunity sometimes comes at an unexpected hour and departs as readily unless immediately accepted. The Greensburg road must be promoted by the Green county people if it is built. Our people are ready to do their part.

Brud Melson, of the Melson Ridge country, was arrested here Monday on a charge of breach of the peace and it cost him just fifteen plunks to square with Judge Hancock's court. Melson was in town early and rode to the jail hitching his horse upon the sidewalk. Mr. Tarter's daughter asked him to remove the animal and then it was that he let out a string of oaths which cost him to part with his hard earned shekels.

All persons indebted to the firm of Wm. Jeffries & Sons, by either note or account, are requested to come forward and settle at once. Wm. F. JEFFRIES & SONS. 10-2t.

A PIKE SURE

Green County Citizens in Front--Road to Columbia Endorsed By Enthusiastic Meeting.

On very short and limited notice the people of Greensburg and vicinity met at the Court House for the purpose of considering the road question. The meeting was enthusiastically business from start to finish, every body red hot for a pike to the Adair county line.

The meeting was presided over by J. L. Durham, one of our hustling merchants, and he was most heartily assisted in every effort by the other enterprising merchants of the town, together with the professional men, lawyers, Doctors, farmers and every line of business men.

The discussion of route brought out a number of farmers, who offered the right of way free through their places, and said their neighbors would be as liberal as they.

On motion two gentlemen, Messrs. Larkin McGinnis and J. J. Paxton were appointed to view out and secure right of way over two routes suggested.

J. L. Durham was chosen as Chairman, and J. L. Wilson as Secretary and under resolution that the Chairman appoint this Committee. Mr. Durham appointed the following well-known gentlemen: B. C. Wilson, J. J. Craddock, S. A. McMahon, A. W. Howard, Woodson Lewis, and J. L. Wilson.

The following were appointed by the Chairman: E. E. Perkins, E. M. Blake-man, Early Vaughn, J. L. Wilson and Woodson Lewis to consult with the County Court and ascertain what assistance the county would give in this matter and report to a meeting to be held at the Court House next Tuesday the 22nd at 10 o'clock. Please observe that the hour for meeting is 10 o'clock to accommodate the people from the country, and they are especially invited to be present and participate in the meeting. No matter in what part of the county you live for you will see further on that this movement is for the good of the whole county.

The meeting became so very enthusiastic for good roads that a Chairman was appointed to appoint his own committee to be known as the pike to Exie, Denmansburg and Summersville.

Men from the town and men from the county voluntarily pledged the right of way, the construction of so much of the pike and liberal donations of money.

This certainly was a "warm" meeting for a mere preliminary meeting. Watch us next Tuesday 22, be here and you will see and hear things.

Here's to you Columbia, meet us at the line for we are coming.--Record.

WOODLAWN, KY.

Editor News:

I know you to be an able champion of good roads so I will write you a kind of personal letter. We had Farmer's Club and good roads' meeting in town Monday evening, was well attended and enthusiastically in spite of the rain. They have a proposition to meet Adair county at the line wherever you may elect, with a pike.

One route is to take the ridge as soon as we cross the bridge (which has at last been crossed with wagons) by Ebenezer, Haskinsville and Camp Knox direct to Columbia, the other is by the way of Clover Lick or Dry Branch to Gresham, Milltown and Gradyville. We think the direct route is the one and these other points tap it with these roads. Will have another meeting Jan. 28th 10 a. m., at the Court House at which time they hope to have the right of way secured and pledges given as to what each route will do to secure the road, so I hope you will give this notice to the public. A delegation from your county is desirable. J. L. Wilson is Secretary, Greensburg, Ky. We want pledges to build miles, half miles and quarters, and so many days work, with concerted action and a liberal appropriation by the Fiscal courts it ought to be completed in six months. Some estimates here are made as low as \$500. per mile; material is all so handy. Very Respt. J. A. MITCHELL.

P. S. Could you arrange for a meeting next month at Columbia. Spectator please copy.

The above is self explanatory and needs but little comment from us. The progressive citizens of Greensburg and Green county have taken the initiative step, and it is now up to the people of this section. They propose to meet us at the county line, and have already started their work of investigation. If the people of Columbia and those along the route fail to grasp this opportunity, it will be a mistake of immense magnitude. With mud and water almost impassable every winter between the two towns and the pike from Columbia to Campbellsville overtaxed, it is time, the supreme time, for our people to accept such a proposition that will be tendered within a few days by the people of Green county. A pike between the two would result in much good to both, increase values along the line and put new life and energy into the people. We trust that a meeting of our citizens will be called at once, and formulate some definite plan of action. Several have already spoken their sentiments in this section, and every one enthusiastic for the road. Wake up dear people, wake up. This is our opportunity.

L. W. T. S. NOTES.

(Malcolm Taylor.)

The Lindsay Wilson Training School opened January 1st, 1907, under very flattering prospects, with an attendance of nearly three hundred, and still on the increase.

Devotional exercises are held in the chapel at 8 a. m., and the invitation is cordially extended to all. Visitors will find it to their advantage to be present on Monday and Friday mornings, and hear the inspiring talks on the Bible by Rev. A. R. Kasey.

The Froge Literary Society and the Columbia Debating Society add much to the social feature of the school. These two enthusiastic bodies held a joint debate last Saturday evening in the chapel, and the question under discussion was, Resolved, "That an Educational Qualification Should be Required For Suffrage." Much oratorical ability was displayed on each side, but the Froge won the decision.

FLATTERING PROSPECTS.

The Spring term of the Lindsay-Wilson Training School opened with flattering prospects for the largest enrollment known, both dormitories being full and many students boarding out in town, yet all of pupils, who matriculate later, will be placed in good homes. Every department is thoroughly organized and the discipline is first-class in every particular. The principals, Prof. Neilson and Moss, are among the best in their respective departments, and we expect to see the Lindsay-Wilson take rank among the first institutions of its kind in Kentucky.

DISORDERLY ON TRAIN.

Owen Arnold, of Columbia, was arrested at the depot Monday evening by Officer Myers who placed him in jail on a charge of breach of the peace. The man was under the influence of liquor and in this condition boarded the train for home. He became disorderly, it is alleged, and the conductor, Captain Charles Turner, called in Officer Myers. He was presented in police court Tuesday morning, plead guilty and was fined \$10 and costs. The fine and costs were promptly paid and Arnold was dismissed.--Lebanon Enterprise.

Owen Arnold is not a citizen of Columbia, neither can we find any one who knows him.

RECITAL.

Friday evening of this week at the Presbyterian church will occur a Recital by the pupils of Mr. Ohlenmacher. As this is the first public Class Recital since commencement last Spring, it is being anticipated with much pleasure by the friends of Mr. Ohlenmacher and the M. & F. College. The public is most cordially invited.

Next Sunday Sacramental services will be held at the Presbyterian church in this city. There will also be about thirty additions from the Big Creek Church (Union).

Within the recollection of our oldest citizens there has never been experienced such a warm spell of weather in this part of the country in the month of January. Peach trees are blooming in many places, flowers are appearing and all kinds of vegetation seem to be taking on life. The chirp of the bird is heard as if in May, while the pastures are becoming inviting to stock. All kinds of insects, common in summer time, are still on the wing, the lightning bug shining as in September. Rain and mud and mud and rain come throughout the country. It is, so far, the mildest winter ever known in this country.

The trial of E. M. Burton charged with the murder of James Dooley is for to-day (Wednesday) and we understand both sides will answer ready.

STEEL BRIDGE

To Be Erected Across Green River
Within Ninety Days.

It will be gratifying to the people of this section to learn that Green River will be spanned with a bridge at an early date. Mr. John F. Triplett, of this city, a director in the Campbellville, Muldraugh's Hill and Columbia Turnpike Company informed us that at a meeting of the above company held Saturday, January 12th, 1907, at Green River, it was decided to replace the old modern bridge with a modern up-to-date steel structure and the contractors, who were bidding on the work, agreed to have it completed in sixty days. The directors, however, decided to give the contracting firm ninety days.

When the bridge is completed Adair county will again be in touch with the outside world, and all the petty annoyances and additional expense of both passenger traffic and freight will be forgotten in the enjoyment of this much missed necessity.

The party whose hand started the blaze, if such be the case and we do not doubt it, was an enemy to Columbia.

WILL ERECT NEW EXCHANGE

The Columbia Grocery Co., will erect a building on the rear end of their property to be used by the Russell Creek Roller Mill as an exchange. The work will be begun as soon as weather conditions permit. Mr. T. G. Rasner, who has been in charge of the exchange, will enlarge his stock of goods and devote his whole time to the grocery and butcher business.

MINUTES.

The News job department has just finished a 20 page pamphlet—the Minutes of the 30th Annual Session of the New Zion Association of Colored Baptists in Kentucky which convened with the New Zion Church in this county. Prof. P. H. Jackman, of this city, is Secretary and his part of the work was well executed.

FROM CUMBERLAND COUNTY.

(Cumberland Co. News.)

Sam Lewis, of Columbia, is calling on the trade here today.

Miss Estella Cartwright left Monday night for York, South Carolina, for an extended visit with relatives.

Geo. B. Simpson and family left Monday for their new home in Texas. George is a good citizen and he and his estimable wife will be greatly missed in Burkessville.

A BIG INCREASE—The total assessment for Cumberland county is nearly \$1,500,000, an increase of \$200,000 over last year. This is very encouraging and proves that we are neither dead nor dying.

PROPOSITION DISMISSED.—The petition of one hundred and seventy-six citizens of this county to vote on the local option proposition was dismissed by the

honor, Judge Carter, last Monday. The petitioners were represented by C. J. Clare and the commonwealth by County Attorney Hicks. After a number of witnesses had been examined and argument made by the attorney for the petitioners had failed to prove the number of votes cast at the last election, and that they failed to prove that the required number of signers of the petition were legal voters of the county.

The News is indebted to the Manning Coal Exchange, of Middlesboro, through the courtesy of Mr. J. Olie Frazer, son of the late F. M. Frazer, for a beautiful calendar. Olie holds a responsible position in the clerical department and is making good.

LIVE STOCK

Prices Have Advanced Rapidly
Within the Year.

The prices of live stock has advanced greatly this year and has affected mules and horses more than other stock. The advance on mules has been \$10 a head over last year's prices, and the extra quality well fattened mules are bringing almost any price, as the market in this city and many other cities is short, although a poorer grade of mules can be had in any number from \$100 up. Another advance in the price of mules is expected to occur in March and April, as the farmers in Indiana, Missouri, Illinois and Kentucky are short on stock and good mules will be in great demand. The rise is expected to be at least \$10 per head, if not more.

Good work horses have increased in price over last year, and are in great demand in the East, Ohio, New York, New Jersey, Maryland and other Eastern States using no mules, and good sound work horses are an ever present necessity to the farmers of that section. The price of horses has increased \$5 to \$10 per head, and another jump in price is expected this spring.—Courier Journal.

CONCERNING THE BIRD'S SCHOOL.

Your correspondent closed his school at the Bird district, Friday Jan. 4 1907. He takes this method of thanking both patrons and pupils for the kindness shown him during his long stay with them, this being his third term at that place. He certainly appreciated the compliment paid him through the columns of the News by Miss Helena Hundley, and desires to say in the behalf of Miss Hundley that during the seventeen months which she was his pupil she was absent only fourteen days, always tried to know her lessons and was never known to be disobedient to school discipline. He does not mean to boast, but believes that it would be hard to find another school in the rural districts of Kentucky where for twelve consecutive months the deportment would average 100 per cent, without corporal inducements on the part of the teacher, where the teacher had only to make his desires known to be readily obeyed by his pupils.

R. L. CAMPBELL.

If the present rainy weather continues the County Surveyor can be further back locating roads.

MORE ABOUT

THE PIKE.

From Columbia to Greensburg—
One Man Wants \$1,000
Worth of Stock.

In last week's issue we called attention to the importance of building a pike from Columbia to Creelsboro or from Columbia to Greensburg. From several parties we have received very encouraging endorsement for the Greensburg end of it. As mentioned in last week's issue, this is a business proposition that should interest the people of both towns and all between them. Greensburg has a bridge and an effort is now being made to secure the building of a bridge over Russell's creek which, if it is done, will leave the proposition in a much better shape as there would not be a single stream to span. We do not know what it would cost to build a first-class road but figure that \$25,000 would do it. If this estimate or guess is within the neighborhood of correctness it does seem that some few good active men would soon secure that amount. Already one man has offered to take \$1,000 of the stock on this end of the line. Wake up dear people, wake up.

TO TOBACCO SHIPPERS.

IMPORTANT.

When desiring the News changed from one post office to another, please give your present address. Our list is too large to look over for one name.

Luther Perryman, of the Green River country, has announced his candidacy for the nomination to represent Adair and Cumberland in the General Assembly. James Hovious, of Knifley, is also a candidate. There will be others.

In our last issue we mentioned the sale of a one-third interest in the Russell Creek Roller Mill to F. J. Barger. We were informed Tuesday that the deal failed to materialize, but through a mistake the item slipped in.

Messrs. James Frankum and Allen Morrison, of Gadsberry neighborhood, prepared, burned and sowed a plant bed 80 by 9 feet last Tuesday and only worked two-thirds of the day. This is what you call movin' some.

Messrs. G. A. Atkins and J. C. Browning, two good farmers of the Milltown country, are installing 'phones in their residences and will soon be able to transact business at long range.

In notifying the News to change your address, give us your old post office as well as the new.

PRaise the Living, Not the Dead.

What is the use of all your praise,
Or gentle song of fame,
When I am dead and cannot share
The pleasure of that name?
What is the use of flowers, sweet,
That doth adorn the clay,
That forms the mound wherein I sleep
When I am dead? I say.
What is the use to eulogize
Or shed a bitter tear,
When ear is deaf and heart can't feel?
What do you think I'd care?
What is the use of pleasant words
When I am in the ground?
You know I cannot hear them then;
They will no sorrow drown.
What is the use of the above
When I am past all giving?
Please take them all from off my grave
And give them to the living.
So now if you've these garlands, sweet,
To scatter o'er my grave,
I would you'd give them to me now
While they my path will pave.
If kindly words or gentle praise
You can on me bestow,
Please do it now while I'm alive
Or let them never flow.

The above verses were suggested by a few articles newspapers have been publishing concerning Col. Wofford. They do him no good now but just think of the cheer they might have brought him if he could only have read them.

As the result of a fight near Sparksville last Wednesday evening, Charley Scott, a son of Mr. Isham Scott, lies seriously wounded.

From information received from that section the correct story of the affair is as follows:

A number of men, including the principals in the scrap, were drinking near McClawley's blacksmith shop, a short distance from Sparksville, when McGinnis and Scott became engaged in a quarrel, which resulted in the latter receiving four ugly slashes about the face; one beginning in the edge of the hair and extending to the eyebrow; another commencing on the forehead and running to the end of the nose; the third across a jaw, almost through it and the fourth from the left ear nearly across the throat.

While the cuts are very serious, the attending physicians, think Scott will recover.

Long Live The King!

is the popular cry throughout European countries; while in America, the cry of the present day is "Long live Dr. King's New Discovery, King of Throat and Lung Remedies!" of which Mrs. Julia Ryder Paine, Truro, Mass., says: "It never fails to give immediate relief and to quickly cure a cough or cold." Mrs. Paine's opinion is shared by a majority of the majority of the inhabitants of this country. New Discovery cures weak lungs and sore throats after all other remedies have failed; and for coughs and colds it's the only sure cure. Guaranteed by T. E. Paul, Druggist. 50c and \$1.00 Trial bottle free.

The Adair County News.

Published Every Wednesday

BY THE

Adair County News Company.
INCORPORATED.

CHAS. S. HARRIS . . . EDITOR

Democratic newspaper devoted to the interests of the city of Columbia and the people of Adair and adjacent counties.

Entered at the Columbia Postoffice as second class mail matter.

WED., JAN. 23, 1907.

It is not our purpose to do injustice to any section of our great country nor to ignore reasonable requests for space in the columns of the News from its many readers in the great West, but it must be understood that the News is a local paper, devoted to local interests and doing its best to better conditions in Southern Kentucky as well as give the news. In other words, The News is for home first, neighbors second and good will for all the rest. We have endeavored to make it a factor in the advancement of Columbia, Adair county and Southern Kentucky in general. True to our convictions of justice and with a love for home and home institutions, we cannot see any reason why the News should become the agent for the removal of our people to the land beyond the Mississippi. As an act of courtesy we have published many letters from friends in the West, nearly all of them holding up the glittering possibilities of that fertile region. Not a single communication has been rejected but the time has come when The News must limit its Western friends to more reasonable expectations. The exodus from this section for the last few months is alarming. Every week some of our best citizens pack their trunks and start for the West. Last week several from this vicinity with nearly thirty from Gradyville bid farewell to the old homes and left for New Mexico and Texas. Many others will follow and yet more are becoming dissatisfied with their surroundings here and seeking opportunity to sell and leave. In the main those who go are the ones who would be worth much if they stayed. We need more people and not a single good citizen.

spare. This section, while old, is still in its infancy in the development of its resources. Its healthy climate, sparkling streams, fertile soil, a thousand miles from sand storms and drought, make a country where plenty can be enjoyed by reasonable energy. It has taken on new life within the last few years and no part of the state has advanced more rapidly. People of Adair, look at the good that surrounds you. Turn a deaf ear to the bright pictures of Western adventures.

The ruling of the Inter State Commerce Commission prevents rail road companies from issuing transportation to newspaper men in payment for advertising unless such transportation is used wholly in the state in which it is issued. In justice to the principle involved and in justice to business of railroads and newspaper people it seems to us that the decision is a sweeping one, one though intended, doubtless to put all inter state passengers on the same footing, yet it prevents one class of people from selling its valuable service for valuable pay as may best suit both parties to the transaction. In fact and in truth we have never believed that Railroad Corporations should be permitted to lavish their favors on the press simply to keep good will, and we have never believed that the press could be purchased by such methods. Our experience in matters of this kind teach us that those in charge of great railways are men of integrity, full of business and wide awake to the importance of advertising and when they put up transportation expect only legitimate advertising. Then, again, we have found that the average newspaper man intends only to give full value and no more for what he receives. The ruling of the commission simply forces cash considerations but fails to state which shall put up in advance, the transportation companies or the publishers. It appears to us that this was purely an oversight. The right to exchange services or commodities is a constitutional one and we do not believe that the commission will be permitted to prevent the making of legitimate contracts nor dictate the manner of pay. We can not see where nor how the publisher would be endangered, or injured, if the law is enforced which, the

comes, Congress should repeal it and give both publishers and railroad the same rights enjoyed by others and no more.

The School at this place is moving along nicely, with the best attendance yet known. So far, arrangements have been made for the accommodation of all students desiring board, but the prospects now are such as to justify us in saying that a boarding home will be needed in a very short time. If this be necessary we feel sure that our citizens will go about it in the same business-like way in which they erected the school building now here.

This is sure to make a general change in the management, but the work will remain the same.

The agitation of a turnpike from Greensburg to Columbia is a step in the right direction. No doubt but that such a road would fill a long felt want and prove a good thing financially. Again, if Columbia ever wants a railroad she must not look to such propositions as has lately been agitated but must get down to a straight business proposition with the L & N road, and get that road to see the importance of extending the Greensburg branch through Columbia, Burkesville and to some Southern point thus forming a straight road shortening other routes and securing the service of this vast territory, now without a road.

Mothers who give their children Kennedy's Laxative, (containing) Honey and Tar invariably endorse it. Children like it because the taste is so pleasant. Nearly every person who is subject to attacks from the stomach suffers from a morbid dread of a dietetic treatment for relief, that is three-fourths starvation, and one-fourth toast and milk. On the other hand you can eat as you please and digest the food by the aid of a good digestant, thus giving the tired stomach equally as much rest. Eat what you please and take a little Kodol For Indigestion after your meals. It digests what you eat. Sold by Dr. J. N. Page, Columbia Ky.

EDITOR NEWS:—

Allow me a small space in the columns of your paper and I will attempt to give you a few items.

We live in Osage county about eight miles from Fairfax, a small, but business little town. This is a fine country, the soil is fertile and will produce most any kind of vegetables, corn is the principle production. The climate is mild. There are some people in this part of the country living in Tents, as timber is scarce. My father subscribed for the News before we left Kentucky, and I look forward to reading it with the greatest of pleasure, as I can hear from so many of my friends. Russell was my home county. For fear of taking up too much space, I will close for this time. With love for the people of old Kentucky, and success to your paper, I will ring off.

Week's happenings—News Important or Otherwise as Reported By Our Corps of Correspondents.

GRADYVILLE.

Big Creek was past fording last Friday.

The grass and growing crop of wheat is looking perfectly green.

James Diddle has been on the sick list for a few days.

Mr. and Mrs. Strong Hill, of our city, entertained quite a number of their friends last Sunday night.

J. A. Diddle spent a day or so of last week in Greensburg.

Misses Mabel Hindman and Mollie Flowers were the guests of Miss Pearl Hindman, of the Milltown community, one night last week.

Geo. Pickett and family, of Pickett, were visiting the family of Clem Keltner a day or so of last week.

Mr. Cash Pickett one of our popular young men, started for the Lone Star State a few days ago with the intention of making his home.

Mr. W. L. Grady, the popular stock man of this place, spent a day or so at Horse Cave last week on business.

Mrs. Diddle Bragg and her accomplished daughter, are visiting relatives at Edmonton this week.

Mr. P. P. Mitchell and wife, of Edmonton, spent a few days of last week with relatives and friends in this community.

Messrs. J. Q. Alexander and W. R. Lyons, popular commercial men of Campbellsville, were shaking hands with our merchants last week, and it goes without saying that they always get their share of business when in our town.

Mr. George H. Nell, one of the popular proprietors of the Columbia Hotel, spent a day or so with his family here. We are always glad when George comes to our town.

Messrs. W. W. Yates, J. J. Hunter and Dr. S. A. Taylor, of our city, were transacting business in Columbia, the first of the week.

Mr. Frank Winfrey, of Columbia, was calling on our citizens one day last week in the interest of the Board Supervisors and made some of us feel better financially, because our property was worth more than we thought it was.

Mr. C. S. Walkup is selling out all of his personal property in connection with his real estate, with an idea of trying the West as a home in the near future. This family is one among the best citizens in our town, and will be greatly missed. Mr. Walkup has been engaged in the tombstone business at this place for the past two years, and he certainly understands this trade. We understand that he will engage in the same business for a firm down in Texas at a salary of \$100 per month. Success to you and yours Sam.

Mr. Mont Harper, a young man who was raised in this community, and for the last nine years has been in the service, writes his father, Mr. S. A. Harper, that he expects to make

a visit to this place during the year. Mont is now stationed at San Francisco, and is enjoying good health, and we are sure he enjoys a soldiers life from the way he sticks to it. Let us hear from you again.

Mr. Jo Yates, who left here last Monday for the state of Texas had his old family dog expressed through which only cost him about \$14. Jo there is one consolation about this, you are certainly going to the climate where the dog law is not known and we have been informed that a good dog like yours would sell for twice the amount of the expenses.

Rev. John Roach, of East Fork, was in our midst last Friday, while enroute to his appointment at Pierce's Chapel, and informed your reporter that he had been greatly blessed in revival work in the past six months. During this time under his ministry he had witnessed fifty-one conversions, and had administered baptism to thirty-one by immersion. We are glad when Bro. Roach makes our town.

Mr. Jesse Breeding, one of the most successful farmers and stockmen in the western part of this county, was in our midst one day last week, and informed your reporter that he had just sold his Peacock colt that is under one year old, to party at Albany for \$150. This deal foots up \$500 for three colts that Mr. Breeding has sold since last August.

Dr. L. C. Nell, one of our best citizens as well as one of the best physicians in Southern Kentucky and a man that is well up on any subject that might be brought up and when he makes a decision on any subject it is usually correct. Now we have heard in the last few months a great deal of talk and comment on the dog law, and we take it that on this all important question the Dr.'s mind is just like all other sensible men should be and that is in favor of this all important law and from what we based our opinion on was this, at the sale of Mrs. Caldwell's a few days ago, Dr. bought a combined dog at a price of \$4, and we have heard that the Dr. says he would buy a few just such dogs at the same price. Don't you see this law put a fair estimate on all dogs that are good and those that are not are put out of existence.

Married at the residence of the bride's father, Miss Adline Price to Mr. Elbert Monday, on the 17th. Rev. J. F. Roach officiated. The contracting parties are of the Basil community.

Rev. G. Y. Wilson on his return from Cedar Grove church last Friday, where he had just closed a very successful revival with twenty conversions and eighteen additions to his church, with the community as well as the church greatly revived. As he was crossing Big Creek near this place, his conveyance was upset by the swift water, and the only thing that kept Bro. Wilson from receiving baptism by immersion was not invoking the blessing of the all wise being. Brother Wilson came out unhurt but very wet.

BLISS.

Huston Price, son of R. Price, who has pneumonia, is better at this time.

Mrs. C. M. Conover, wife of Bob Conover, was quite sick one night this week.

Miss Lena Salmon is at home after teaching in Metcalf for the past season.

Mamie, daughter of Mr. and Mrs. R. E. Tandy, is quite sick at this writing.

Miss Jimmie Conover and little sister, Maud, were thrown from a runaway horse Saturday evening and at this time cannot tell how badly she is hurt but hope that she is not seriously injured. Little Maud escaped unhurt except a bruised elbow.

Mr. John Q. Alexander, of Campbellsville, traveling salesman for a dry goods company, made this point this week.

W. R. Lyon, of Campbellsville, the well known groceryman, was here this week.

We had the pleasure of meeting the "Bear Salesman" this week. He had started in the direction of Columbia walking, I suppose he was hunting for the proprietor of the store as he was not armed for a bear tussle.

About twenty members of the old Big Creek Church, formerly called Union, called for letters so they could move their membership to Columbia where they now reside. Most of them had held their membership at this place all of their Christian lives. It was a pleasure to the session that they could recommend them to another fold but sad to see them take their departure but our loss is the gain of the Columbia Church.

SPARKSVILLE.

The road from this place to Columbia is nearly impassible.

Harlin, the little son of Mr. and Mrs. Tilden Wheeler, has been very sick with pneumonia, but is improving at this writing.

Dr. L. C. Nell, of Gradyville, was on a business trip to this place last Thursday.

Mrs. Bettie Yarbber, who has been in a very low state of health for some time is no better.

Mr. Ike Jones and family and Mr. Roy England and family, who have been on a two week's visit at this place left for their homes in Texas a few days ago.

We have been informed that Dr. L. C. Nell and J. F. Gilpin, will run a telephone line from Nell & Nell's store at Gradyville to their branch store at Sparksville. We hope how soon the line will be completed, as we need it very bad.

Deputy Sheriff, Cundiff was at home last week on account of sickness in his family.

W. E. Squires and sister, Miss Kate, were visiting near Neatsburg last week. Will Ed returned Sunday evening, but Miss Kate will remain several weeks.

Mrs. Trabue Shearer and daughter had a very narrow escape from drowning last Monday morning. Mrs. Shearer was accompanying her daughter to school, and in attempting to cross Russell's creek at Burk's ford, the horses struck swimming water. The young lady's horse made its way across, and landed just below the ford, but Mrs. Shearer managed to turn her animal before the deepest water was reached. Everyone should see the need of a bridge at this point.

Mrs. James Woodrum and Mrs. Sophia Sublett were visiting at Mr. John Cundiff's Thursday. Mrs. Sublett is 75 years of age, and is as jolly and quick as any girl.

Mrs. Sam Coffey and little daughter, visited her mother and father several days of last week.

Miss Harriet Willis is visiting her sister, Mrs. W. F. Jeffries, of Columbia.

Mr. Ben Powell, who moved over with his daughter and his son, Linas, who started to Illinois, have acted Naomi and returned to their people at Joppa.

Misses Pinkie and Ruba Jeffries will teach schools at Knifley and Roley this winter.

Aunt Polly Montgomery, who will be 85 years old the first of March, is suffering with heart trouble.

KNIFLEY.

Plenty of rain and mud is the order of the day consequently the roads are in a fearful condition. The lateness of the season prevents the overseers from re-

pairs that should be placed on the county roads.

There is a great deal of sickness in this section.
